

THE NEBBS—To The Manner Born

BEN WEBSTER'S CAREER—It Worked!

STOCKS LIGHTEST IN 10-DAY PERIOD

OTHER MARKETS CORRESPONDINGLY DULL; PRICES IN NARROW RANGE.

New York, May 21. (UP)—Today's stock market was the lightest in 10 days, and other markets were correspondingly dull.

Contrary to usual procedure, however, prices moved in a narrow range. Ordinarily in a dull and uncertain market there is a decline. One trader explained the lethargy: "There is no reason for trading on either side of the market."

Wall street was awaiting the president's message on silver expected tomorrow. In the hope it would be constructive for silver metal traders bid up the silver issues 1 to more than 3 points and they provided the only item of interest in the entire list. Homestake Mining shot up more than 9 points at the opening and then lapsed into complete lethargy for the rest of day. Most of the industrial leaders made small gains. Chemicals rose with DuPont. Rails did nothing. Mercantile issues and motors were steady.

News of market importance was featured by a dividend increase in DuPont from \$2.00 annually to \$2.60, an unexpected move; and the Standard Oil of New Jersey 1933 report showing net income equal to 97 cents a share, against net of one cent a share in the preceding year.

SAYS WALES MAY TRY CANADA HOP

PARIS WRITER SAYS PRINCE PLANNING TO FLY ATLANTIC TO MONTREAL.

Paris, May 21 (UP)—An assertion that the Prince of Wales plans to fly the Atlantic to Montreal, Canada, was made today by Edwin Woodhall, representing himself to be a former Scotland Yard man assigned to the prince, on the seventh anniversary of Charles A. Lindbergh's New York-Paris flight.

Woodhall, writing in the newspaper Excelsior, said that Wales had charted a route to Montreal, and that despite attempts to dissuade him he had recently discussed his plans with aviators.

Wales also, Woodhall asserted, had the ambition to make a round the world flight.

Colonel Kelly, Aitkin, Heads Reserve Officers

Brainerd, Minn., May 21. (UP)—Colonel B. W. Kelly, Aitkin, was elected department commander of the Minnesota Reserve Officers association at the closing session of its convention today. The 1935 convention was awarded to Faribault.

The principal resolutions favored the Thompson bill for building up the regular army and recommended proper observance of national defense day.

Others named as officers are as follows: Vice president, Captain L. Blodgett, St. Paul; executive secretary, Major Floyd Eller, Minneapolis; secretary-treasurer, Lieutenant Don Mitchell, Minneapolis; chaplain, Rev. C. M. Brandon, Brainerd; and judge advocate, Lieutenant C. Dahl, Minneapolis.

HIGHLIGHTS OF DARROW REPORT AND REPLIES FROM NRA CHIEFS

Washington, May 21. (UP)—Highlights of the Darrow report and the NRA replies:

"The NRA has given the sanction of government to self governing combinations. Inevitably this means control by the largest producers."—Darrow and Thompson.

"The choice is between monopoly sustained by government, which is clearly the trend in the NRA, and a planned economy, which demands socialized ownership and control. . . . There is no hope for the small business man or for complete recovery . . . in enforced restriction upon production for the purpose of maintaining higher prices."—Darrow and Thompson.

"Stripped of shadowy verbiage, this (the Darrow-Thompson comments on socialism) means that the choice of the American people is between fascism and communism, neither of which can be espoused by anyone who believes in our democratic institutions of self government; nor can any public officials who have taken an oath to defend the constitution . . . adopt or officially advocate such a program."—Administrator Johnson.

"All competition is savage, wolfish and relentless, and can be nothing else. One may as well dream of making war lady like as of making competition fair."

"A return to the anti-trust laws for the purpose of restoring competition we believe to be one of the great needs of the time."

"Big business begins by making it impossible for the small man to survive; and, after he is eliminated, it turns upon the weakest of the common aggressors."

"Monopolistic practices in (the motion picture) industry are bold and aggressive and its small enterprise is cruelly oppressed."

"Monopolistic conditions have long existed in (the steel) industry, due to its absolute control by the larger companies."

"The manifestation by a great corporation of a tender solicitude concerning monopolies is not without a certain suggestion of humor to those well acquainted with American economic history, but the defense of the citizenry against monopolistic menace is the business of the state, not of private agencies."

"The deputy administrator (Sol Rosenblatt) is a member of the board and attorney for Columbia Pictures corporation. . . . It would appear . . . that the deputy administrator may be prejudiced against the independent exhibitors."

"We urge that no time be lost in diminishing for malfeasance in office the entire sub divisions (coal) code authority now in control of the northern West Virginia and western Pennsylvania regions, and replacing of them with persons that have a higher conception of social obligations than an impulse to seize every opportunity for personal aggrandizement."

From Johnson's report to the president: "A more superficial, intemperate and inaccurate document than the (Darrow) report, I have never seen."

"It assumes, after a few hours of cavalier inquiry and prejudiced and one-sided testimony, to pass on codes upon which we have spent days and weeks of inquiry and negotiation."

"In my judgment this board has missed a great opportunity for a real public service. As it is now acting, it is of no service to anybody. . . . I recommend that it be abolished forthwith."

Comment by Donald Richberg, NRA general counsel: "The general observations and detailed recommendations of the review board, following a haphazard, one-sided investigation, would be incomprehensible without an understanding that the board was simply seeking to justify a preconceived opposition to the fundamental theories and purposes of the national industrial recovery act."

"The board flatly advocates that a modern, civilized nation should abandon any effort to promote fair business practices and should 'return' to a 'savage, wolfish' struggle for individual survival."

"The business records of the last 50 years show clearly what could

happen if the nonsensical program recommended by the board could be made effective."

"The explanation of the contradictory nature of the board's conclusions may be found in its selection of a noted socialist, who advocates complete government control of business, to write a report for philosophic anarchists who apparently oppose any government control of anybody, including criminals."

"The board took and reported any testimony that would serve its prejudice without regard to the competence or bias of the witness or the palpable falsity of his statements; and declined to avail itself of abundant sources of accurate information."

"It was apparent that members of the board were bewildered and didn't know what they were looking for or why."

Divisions Administrator H. O. King: "The findings of the board are based on such meager testimony inferior as they apply to the bituminous coal industry, that they must be characterized as purely ex parte."

These findings are . . . full of mis-statements and unverified conclusions."—Deputy Administrator Wayne P. Ellis.

DETROIT LAKES WINS JAMBOREE

GETS FIRST PLACE THIRD SUCCESSIVE YEAR AT FERGUSSON SCOUT MEET.

First place in the Minnesota division of the Red River Valley Boy Scout council annual jamboree held Friday and Saturday in Fergus Falls went to troop 49, Detroit Lakes, for the third successive year, according to E. H. Bakken, area executive. J. H. Boodle is the scoutmaster.

Troop 83, James' town, N. D., won second, and troop 139, Colfax, N. D., was third. More than 600 Scouts of the area participated in the jamboree. The fete opened Friday evening with a council fire. A parade Saturday and a court of honor session Sunday were features of the jamboree, which include contests in Scout activities and related subjects. The Eagle rank was awarded George W. H. Hartman, mate of the S. S. Wahpetonian, Wahpeton, N. D., Sea Scouts, and Lester Le-

Troop 42, Kenneth Whitnack, Harold Bekkerus, Jam's Preston, Doyle Whitnack, Bernhard Bekkerus, Oliver Engbretson, Philip Archer, Blair Archer, James Ely, Durwood Hegland and Clifford Rostedt; Bob Marquardt and Jack Davis in charge.

Sold Pans After Fine Quincy, Mass. (UP)—After Louis Blotner, an enterprising pen salesman, had been fined \$25 in court for misconduct, he opened his sample case and sold two fountain pens—one to the probation officer and one to a police lieutenant. The deals netted him 60 cents profit.

First Football Victim. Rio Hondo, Texas (UP)—Football has claimed its first victim of the year in this section. Frederick Dale Hoover, 16, died of an infection started from a scratch received in spring practice at the high school here.
